

# DANCE SAFE PLAN SUMMARY

1

OUR LOBBY & DANCER'S WAITING ROOM ARE CLOSED to ensure a minimum number of people are entering/exiting the building. DANCERS WILL BE DROPPED OFF AT THE DOOR, and our staff will guide them into the studio. If you need admin assistance, please call us at 519-433-1653.

2

HAND SANITIZER & HANDWASHING will be available throughout the facility. Dancers will be asked to sanitize or wash as they enter & before they leave the facility.

3

Our STAFF WILL WEAR FACE MASKS. Anyone entering the building ages 2 & up must wear a mask anytime they are not in class dancing, unless they qualify for one of the exemptions listed by the Middlesex-London Health Unit. Students are encouraged to wear a mask in class as well, but it is not required.

4

Dancers will QUEUE 6' APART OUTSIDE TO ENTER, on marked spots. Our electronic Covid screening form must be completed prior to entry. Dancers will be released from class one at a time, from the front door.

5

In the studio, dancers will use a block taped out on the floor, to facilitate PHYSICAL DISTANCING. Barre spots are also marked at distanced intervals.

6

ENHANCED CLEANING ROUTINES are in place where the studios are deep cleaned at regular intervals throughout the week, & high-touch surfaces are cleaned frequently. Any props used in classes are disinfected after use.
